

基本信息

姓名：张静怡 | 民族：汉族 | 电话：131 4930 6279

教育经历

- 2023.09 ~ 今 医药大数据与人工智能专业博士研究生，中国药科大学理学院，（成绩：92.82/100）
2020.09 ~ 2023.06 应用统计学硕士，中国药科大学理学院，（成绩：92.87/100）
2016.09 ~ 2020.06 数学与应用数学学士，中山大学数学学院（珠海），（成绩：3.8/5.0）

个人技能

- 专业技能：**熟悉各种临床统计分析方法，解决适应性设计、样本量计算等临床研究中的统计问题。
- 工具软件：**精通 **R** 软件用于临床试验模拟与数据可视化，具有开发 **R shiny** 的经验；熟练掌握 **SAS** 进行统计分析；熟练使用 **Office** 办公套件。
- 综合能力：**CET-6，具备专业英文学术论文写作与外文文献研读能力；数理功底扎实，严谨负责，兼具独立科研能力与团队协作能力。

科研经验

- 研究方向：**肿瘤早期临床试验设计，包括 I 期剂量探索设计、I-II 期剂量优化设计、II 期多剂量随机化设计、篮式试验设计及去中心化临床试验等。
- 科研成果：**以第一作者在 SCI 期刊发表论文 5 篇，共同第一作者论文 2 篇，合作作者论文 9 篇，另有 3 篇第一作者论文正在投稿中。代表成果见最后一页。

项目经历

菌群移植治疗活动性系统性红斑狼疮临床项目 | 2021 年 12 月 - 2025 年 7 月

- 临床方案设计**
 - 主要包括样本量计算、随机化和盲法实施等；制定期中分析方法，起草统计分析计划。
- 临床数据的统计分析**
 - 执行患者入组、基线、疗效、安全性分析、探索性亚组分析等。

实习经历

复星医药 生物统计与数据科学部 | 2025 年 11 月 - 2026 年 4 月

- 临床方案设计与统计支持**
 - 负责药品上市后真实世界数据统计分析、数据建模及可视化图表输出。
 - 参与搭建临床试验标准化统计分析流程，提升团队工作规范化与效率。
- 人工智能项目支持**
 - 从统计专业角度，为临床试验方案审阅智能体研发提供专业优化建议，助力 AI+临床统计智能化落地。

获得荣誉

- 第二届苏炳华生物统计奖学金（2025）；中国生物统计年会优秀论文（2024）
- 博士研究生学业奖学金、优秀奖学金（2023~2025）

PERSONAL INFORMATION

Name: Zhang Jingyi | Ethnicity: Han | Phone: 131 4930 6279

EDUCATIONAL BACKGROUND

Sep 2023 - Present	Ph.D. candidate in Pharmaceutical Big Data and Artificial Intelligence, School of Science, China Pharmaceutical University (GPA: 92.82/100)
Sep 2020 - Jun 2023	M.S. in Applied Statistics, School of Science, China Pharmaceutical University (GPA: 92.87/100)
Sep 2016 - Jun 2020	B.S. in Mathematics and Applied Mathematics, School of Mathematics (Zhuhai), Sun Yat-sen University (GPA: 3.8/5.0)

COMPUTER SKILLS AND PERSONALITY

- **Professional Statistics:** Proficient in clinical statistical analysis methods; skilled in solving statistical problems in clinical research including adaptive design and sample size calculation.
- **Software & Tools:** Expert in **R** for clinical trial simulation and data visualization with **R Shiny** development experience; proficient in SAS for statistical analysis; skilled in Microsoft **Office** Suite.
- **Comprehensive Competence:** CET-6 certified, capable of academic English paper writing and professional literature reading. Solid mathematical and statistical foundation, rigorous and responsible, with independent research capability and excellent teamwork spirit..

RESEARCH EXPERIENCE

- **Research Focus:** Early-phase oncology clinical trial design, including Phase I dose-finding design, Phase I-II dose optimization design, Phase II multi-dose randomized design, basket trial design and decentralized clinical trials.
- **Academic Achievements:** Published 5 first-author and 2 co-first-author papers in SCI-indexed journals, with 9 co-authored papers. Additionally, 3 first-author manuscripts are currently under submission. Representative publications are available upon request.

PROJECT EXPERIENCE

Clinical Trial of Fecal Microbiota Transplantation for Active Systemic Lupus Erythematosus | 2021.12 - 2025.07

- **Clinical Protocol Design:** Responsible for sample size calculation, randomization and blinding implementation; established interim analysis methods and drafted the statistical analysis plan (SAP).
- **Clinical Data Statistical Analysis:** Conducted comprehensive statistical analysis of patient enrollment, baseline characteristics, efficacy and safety indicators, as well as exploratory subgroup analysis.

INTERNSHIP EXPERIENCE

Fosun Pharma, Biostatistics and Data Science Department | 2025.11 - 2026.04

- **Clinical Statistical Support:** Performed real-world data analysis, data modeling and visual chart output for post-marketing drug studies; participated in establishing standardized statistical analysis workflows to improve team standardization and efficiency.
- **AI Project Support:** Provided professional statistical suggestions for the development of an intelligent clinical trial protocol review agent, empowering the intelligent integration of AI and clinical statistics.

ACADEMIC HONORS

- The 2nd Su Binghua Biostatistics Scholarship (2025)
- Outstanding Paper Award of the Chinese Biostatistics Conference (2024)
- PhD Academic Scholarship and Excellence Award, China Pharmaceutical University (2023~2024)
